OUR STORY

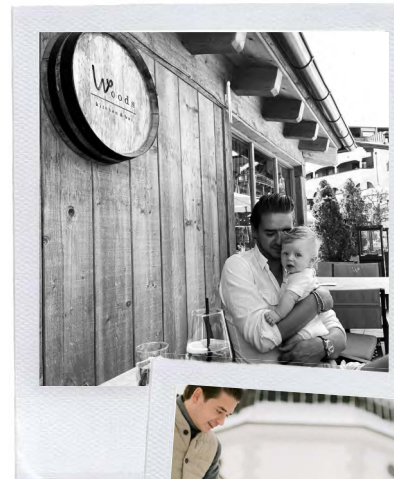

Our Woods Lodges are made for Making Memories

Co-founders Mitchy and her mother, but also her grandmother and many generations prior have been coming to Seefeld. More than eight years ago, Mitchy decided it was time to move to her favorite Austrian village where she held so many precious family memories.

Together with her partner Julien, they made the big move launching the Woods brand in November 2013 with its first location: Woods Kitchen & Bar on the slopes of Seefeld with a view on the Seekirche. Their two boys were born in Austria and the family has been making new memories ever since. They fully embrace the region's philosophy which brings together sports, fine living and dining. A wholly experience for body, mind and soul.

Inspired by these childhood memories and how dreams can become reality, Mitchy and her mother created the Woods Lodge experience. A home away from home.

Welcome to the family.
